

## **REPORT ON BAGLESS DAY ACTIVITY-CLASS VIA**

The Bagless Day in school provides a platform to the children to experience joyful learning with fun and to reduce the existing boundaries between the bookish knowledge and application of knowledge in real-life situations. With this initiative in mind, the **second Bagless day** for classes VI was organised on **Wednesday, 18 October 2023**.

Interesting activities were planned for the day to inculcate different skills in the students while making it a fun day with their friends and teachers. The first activity was a sports activity which was an **Inter-section football match for boys and basketball match for girls** under the supervision of Mr. Vardhan Sharma, Mr. Rajbali and Mr. Shiv Kumar. Students thoroughly enjoyed playing with each other and the spectators were constantly cheering their classmates.

### **Inter Section Cricket Match for Boys**

### **Inter Section Basketball Match for Girls**

The next activity was ‘**Learn to fix a bulb in the holder**’. In this activity students were taught how to change a bulb in the holder.

### Learn to fix a bulb in the holder

The next one was ‘**Sewing and Hemming**’. These life skills help the students to develop fine motor skills, improve focus and concentration and teach the importance of patience and self-control.

### Students engaged in Sewing and Hemming

**Group reading and enactment** was conducted in the library under the supervision of Ms. Abha Bhardwaj. The students were divided into teams and were asked to read any famous person's biography. They had to play and enact the personality for the classmates. Students enacted famous personalities like Sardar Vallabhai Patel, Bhagat Singh and Munshi Premchand. The activity was helpful in unleashing the hesitation of the students to communicate freely.

### Group reading and enactment performed by students

These creative learning experiences add more colour to student's learning. Such days, provide opportunities to students to nurture their curiosity and creativity.

#### Feedback from the students-

'It was fun to love life skills specially sewing with friends.'

- Abhisha Sharma

'It was very exciting for me because it had many activities that I enjoy with my friends.'

-Rabiya Maryam
