ANNUAL DAY CELEBRATIONS, 2023

Dear Parents,

We hope this message finds you in good health and high spirits. As we approach the annual day celebrations (**25 or 26 Nov, 2023**) of our school, we would like to inform you about the significance of Annual Day, what it holds for us in the holistic development of our students.

In preparation for the grand event, we are commencing rigorous rehearsals starting from October 27, 2023. These rehearsals are a crucial part of our students' overall education. They offer an opportunity for our students to build essential life skills, such as teamwork, discipline, time management, and self-confidence. Participation in such events also fosters leadership skills, public speaking abilities, and an understanding of stage presence – qualities that will serve them well throughout their lives.

We understand that some senior school students are hesitant to take part in the annual day celebrations. We kindly request parents and guardians to support and encourage their children's participation. Being part of such events is an enriching experience that contributes significantly to their personal and academic growth. We urge parents not to interfere with the development of these essential life skills and leadership qualities that our students will gain through their active participation in the annual day program. Encouraging your child to embrace these opportunities will not only help them grow as individuals but also strengthen our school community and make them confident future citizens of the country.

We appreciate your continued support and understanding and Thank you for entrusting your child's education to us. Together, we can provide them with the best learning experiences and prepare them for a bright future.

Asha Prabhakar
(Principal)
