

REPORT
BAL SABHA ACTIVITY (2023-24)
INTER HOUSE
MATHEMATICAL HOPSCOTCH

Date: 29/11/23 - 01/12/2023

Classes: I-II

Theme: Mathematical Operations

“Mathematics is, in its own way, the poetry of logical ideas.” ~ Albert Einstein

Tailored for the curious minds of Classes 1 and 2, an exciting Mathematical Hopscotch activity was organized between 29/11/23 – 01/12/23. The INTER HOUSE Bal Sabha Activity was a three-fold endeavor, featuring a preliminary round to identify top contenders, a semi-final round and a thrilling final round that crowned the mathematical champions from each of the four houses. The three-round event was designed to infuse learning with excitement.

HOP, SKIP, SOLVE...

STUDENTS COMBINE FUN AND MATH

The mathematical hopscotch activity was meticulously designed to achieve specific learning objectives. In the preliminary round, students were required to hop through a hopscotch grid that incorporated basic mathematical questions posed by the facilitator. This challenged their ability to apply arithmetic concepts while hopping through the numbered squares. The primary goal was to gauge their understanding of fundamental math principles in a playful setting. Moving on to the semi-final round, it assessed the students' mathematical skills through a small math test. The final round not only celebrated the top performers but also emphasized the importance of problem-solving, prompt thinking and healthy competition. As the activity

was concluded four winners from each class, each house, were identified who showcased both individual talent and the collaborative effort.

The Mathematical Hopscotch adventure proved to be a delightful exploration of math concepts for our young learners. The three-round format ensured a holistic approach, blending physical activity with cognitive challenges. By combining learning objectives with playful activities, the activity aimed to instill a love for mathematics and foster a positive attitude towards problem-solving in the young students.

**HOPPING TO VICTORY: WINNERS OF
CLASS 1 & 2**

The results of the *Mathematical Hopscotch Inter-House Activity* are as follows:

CLASS 1:

S.no	Name of the student	Class & Section	Position	House
1.	AVIRAA	I D	I	SHIVAJI
2.	SAANVI AGARWAL	I B	II	RAMAN
3.	MANVI SINGH	I F	III	ASHOKA
4.	AAROHI SANGAR	I F	IV	TAGORE

CLASS 2:

S.no	Name of the student	Class & Section	Position	House
1.	CHAITANYA SINGH RAWAT	II E	I	TAGORE
2.	SHREYAS AGNIHOTRI	II B	II	ASHOKA
3.	SHAURYA GUPTA	II C	III	SHIVAJI
4.	DHAIRYA GUPTA	II C	III	RAMAN
