BAL SABHA ACTIVITY (2024-25)

NAME OF THE ACTIVITY: HOLY NIGHTS AND CHRISTMAS LIGHTS

Date: 11.12.2024

Venue: Respective Classrooms

In-charges: Class teachers of class I/II

The Christmas activity for Class 1 and 2 was a heartwarming event designed to spark creativity and raise environmental awareness. Students embrace the festive spirit and learned the significance of sustainability in a fun and engaging way.

Purpose:

The Christmas activity for Class 1 and 2 was a delightful event aimed at fostering creativity and environmental awareness among students. The purpose of this activity was to encourage students to express their creativity while promoting environmental consciousness. Through hands-on crafting, students learned about the value of reusing materials and the joy of working together to create festive decorations.

Highlights of the activity:

● Pre- activity Preparation

Before the main crafting session, students received guidance from the art teacher. They were taught basic crafting techniques and given ideas on how to use various recyclable materials to create Christmas decorations. This preparation helped set the foundation for the activity and ensured that all students had the necessary skills to participate.

● Storytime session

The activity began with a short story about Christmas celebrations. This story time session helped set a festive mood and inspired students by illustrating the joy and significance of the holiday season. It also provided them with ideas for their crafts.

- **Creativity and Innovation**

Students enthusiastically created a variety of Christmas-themed crafts, including Christmas trees, wreaths, candy canes, and gifts. Each student used different materials such as wooden spoons, paper cutouts, and other recyclable items, resulting in unique and diverse creations that reflected their individual creativity. While doing the activity, students enjoyed listening to Christmas carols, which added to the festive atmosphere. One of the most remarkable aspects of the activity was the display of creativity and innovation by the students.

- **Environmental awareness**

By using reusable and recyclable materials, the activity emphasized the importance of sustainability. Students learned about reducing waste and reusing materials in fun and creative ways, which helped instill a sense of responsibility towards the environment.

The Christmas activity for Class 1 and 2 was a resounding success. It not only brought the festive spirit into the classroom but also promoted creativity, environmental awareness, and the joy of working together. Through this activity, students gained valuable lessons on sustainability while enjoying the process of crafting their Christmas decorations.
