

REPORT
BAL SABHA ACTIVITY (2024-25)
VIGILANCE AWARENESS DAY

Date of the activity: 18.10.2024

Venue: Junior Computer Lab

In-charges: Ms. Garima P. and Ms. Alka R.

Purpose: The purpose of this activity is to foster creativity and digital skills among students in Classes 3 to 5, encouraging them to express their ideas on the theme "Vigilant India, Intelligent India" through a digital poster. It also promotes teamwork and friendly competition between houses, while reinforcing the importance of national vigilance and intelligence in building a strong India.

Highlights of the activity:

- **Creative Expression through Technology:** This activity allowed students to explore and showcase their creativity by designing digital posters using Paint 3D. By incorporating digital art tools, students not only learned to express their ideas visually but also improved their technological proficiency. This blend of creativity and tech skills is essential in today's digital world, fostering students' confidence in using modern design software and encouraging innovation in their approach to art.
- **Inspiring Patriotism with the Theme:** The theme "Vigilant India, Intelligent India" served as an educational prompt for students, urging them to reflect on the values of vigilance and intelligence for national development. Through their posters, students were inspired to represent concepts of national pride, unity, and responsibility. This theme also encouraged them to think critically about how their actions and awareness contribute to a safer, more intelligent, and progressive society.
- **Fostering Team Spirit Through Friendly Inter-House Competition:** Organised as an Inter house competition, this activity promoted healthy competition while building a sense of camaraderie within each house. It offered students a chance to represent their houses, encouraging teamwork and a collective spirit of striving for excellence. Inter-house competitions like this one help strengthen bonds among students, creating a supportive community atmosphere and reinforcing school spirit.

- **Structured Judging Criteria for Skill Development and Purposeful Creativity:** The clear judging criteria—relevance to the theme, effective use of tools, creativity, and presentation—offered students a structured framework to concentrate on these key elements. This approach enabled them to refine their ideas, enhance their artistic skills, and strengthen their problem-solving abilities, resulting in thoughtful and purposeful creations that fully utilized the available tools.

RESULT
INTER HOUSE
Poster Designing-Vigilance Awareness Day

S.No	Name of the Student	Class and Section	House	Position
1	Shravya Gupta	VA	Ashoka	First
2	Spriha Singh	VD	Shivaji	Second
3	Ayansh Lakhera	IID	Tagore	Third
4	Nishtha Nigam	IVC	Ashoka	Third
