*'The tourist takes his culture with him while the traveler leaves his culture behind'*

The students of Classes VI, VII and VIII recently had the incredible opportunity to visit the Korean Cultural Centre India (KCCI). It was a day filled with excitement and cultural exploration. From the moment we stepped into the center, we were immersed in the vibrant and fascinating world of Korean culture. One of the highlights of our visit was learning about traditional Korean music.

We were mesmerized by the beautiful melodies played by our classmates on various Korean instruments like janggu, kkwaenggwari, buk and jing. The music was so enchanting that it transported us to a different world. We also had the chance to try on traditional Korean attire, called **Hanbok**. It was a lot of fun to feel like Korean royalty for a while! The **Hanbok** were so colorful and elegant. We felt a sense of pride and connection to Korean culture as we walked around in our new outfits.

We couldn't leave without trying some delicious Korean food. The lunch we had was absolutely amazing. The food was a delightful blend of flavors and textures that we had never experienced before. We ate different foods like fried rice, chaach, black bean noodles and jeon. It was a truly unique culinary experience that left us wanting more.
