

**RECYCLING INITIATIVE FOR SUSTAINABLE PRACTICES**

*Recycling today is an investment in tomorrow's cleaner,  
greener and more sustainable environment*

Dear Parents,

In line with our continuous efforts to adopt sustainable practices and contributing towards preserving the environment, Bal Bharati Public School, Noida is proud to announce a partnership with Material Library of India to recycle old clothes and cloth scraps.

Around 87% of discarded textiles end up in landfills, and over 90% of these items are reusable or recyclable. Once they end up in the landfill, natural textiles can take hundreds of years to decompose and can release methane and CO2 gas into the atmosphere. By rethinking how we manage the unwanted, outgrown clothes and cloth scraps, we can make a significant impact on reducing waste and promoting sustainability.

Recycling of old clothes will provide you an opportunity to declutter your wardrobes and give unused clothes a second life. Instead of letting them collect dust, help us recycle them into something new and useful, contributing to a greener future.

We invite you to participate by donating your unused clothes and fabric scraps. Together, we can reduce waste, promote recycling, and ensure that Mother Earth is preserved for future generations.

**In our continuous effort to support those in need, Bal Bharati Public School, Noida has partnered with Material Library of India (MLI), to recycle these clothes and give them a new life. We are reaching out to you to contribute generously.**

DO'S	DON'TS
Wash the clothes properly	Do not send dirty and unwashed clothes.
Fold and pack clothes properly	Do not send wet clothes.
Add complete details of the sender on the package – name / address / phone number	--

We request Interactors and students to donate unwanted cloth scrap by 14 Oct, 2024 (Monday) to their respective Class teachers.

**There is no such thing as “AWAY”  
When we throw anything away it must go SOMEWHERE**
