

ENSURING STUDENTS' SAFETY AND WELL BEING

Dear Parents,

At Bal Bharati Public School, Noida the safety and well-being of our children remain our **utmost priority**. In light of recent incidents reported in neighbouring schools in Noida, we want to assure our parent fraternity that we have taken every possible measure to ensure a secure and protective environment for all our students while they are in school.

The following safety measures have been taken by the school to ensure safety of each child:

Comprehensive CCTV Surveillance: CCTV cameras have been installed in every corner of the school, covering all areas, including the previous blind spots as well. These cameras are continuously monitored to ensure real-time vigilance.

Strict Safety Protocols: Regular safety drills are conducted to prepare both students and staff for emergency situations. Our faculty and support staff have been thoroughly trained in child safety measures and are well equipped to handle any unforeseen circumstances.

Visitor Management System: Entry and exit points are closely monitored and access is granted through a clearly defined Visitor Management System to ensure accountability. The parents are permitted entry into the school premises only upon showing the Parent Id Cards. Other visitors are permitted entry only with prior appointment and information regarding the same is available at the entry gate for record purposes.

Emergency Response Mechanisms: We have set up protocols to respond promptly and effectively to any untoward incidents, ensuring corrective and appropriate action is taken without delay.

Open Communication Channels: We encourage parents to report any safety concerns they may observe via an email addressed to the School Principal. You may be assured that the school takes suitable corrective action promptly to resolve the issue. Your feedback is invaluable in helping us maintain a safe learning environment for our students at all times.

Enhancing Transparency and Partnership: The school regularly hosts Safety Walks for PTA representatives, led by the members of the School Safety Committee. These guided tours demonstrate our robust safety protocols and security measures, fostering trust and collaboration between school and parents in ensuring student safety and wellbeing.

Truancy Prevention and Intervention: The school follows definite measures to check and track absenteeism of senior school students indulging in bunking school. A list of absentees is shared with the parents in Class Groups on a daily basis to keep the parents informed and updated.

Regular Safety Audits: The school conducts safety audits on a regular basis (self-initiated/by authorised agencies) to identify and address the potential safety risks and work upon the shortcomings.

Trained Security Personnel: The security personnel on duty are provided regular trainings to equip them with the necessary skillset to handle emergencies and provide Quick Response/First Aid whenever required.

Fire Safety Equipment: The school is well-equipped to handle fire emergencies, with installed fire alarms and extinguishers. To ensure preparedness, regular mock fire drills are conducted to train students and staff on emergency response procedures.

Staff Training and Development: Our school prioritizes staff training to handle emergencies and adhere to strict safety protocols, ensuring a secure environment for all students. Additionally, regular First Aid training sessions empower our staff to provide prompt medical assistance whenever needed.

We understand that recent incidents may have caused apprehension, and we want to reassure you of our commitment to your child's safety at all times. As partners in your child's education and well-being, we will continue to review and enhance our security measures on a regular basis.

You may reach out to the school in case you have any questions or suggestions. Together, we can ensure a safe and nurturing environment for all our students.

Thank you for your continued trust and support.

Warm regards,

Asha Prabhakar
(Principal)
