7. Really privileged to be part of such a great institution where equal importance is given to studies, adventures, sports and other extra-curricular activities. Just can't emphasize more on how teachers go extra mile to correlate with the kids, and how well kids reciprocate the same which is being taught.

Always grateful and looking towards a brighter future

Yajurvedika really was happy when she returned home from the adventure camp. She told and acted about the adventures she did in school. This is a great way to let kids explore the activities which is not kind of possible at home.

Once again Ma'am, a big thanks to you and all the staff for giving such a gentle and learning environment to our kids.

Best Regards
