

WORLD EARTH DAY

REPORT

“The greatest threat to our planet is the belief that someone else will save it.”

– Robert Swan

The Environment Club members wholeheartedly participated in the Earth Day celebrations held on April 21, 2025. A series of engaging classroom activities were organized for Classes VI to X, aimed at promoting awareness of sustainable lifestyles. To mark the occasion, a special assembly was conducted, fostering awareness among students and encouraging the development of green habits through hands-on experiences.

Activities Conducted:

- **Morning Assembly:** The event began with a special assembly where students participated in recitation of Sanskrit shloka, and presented thought-provoking skit highlighting small steps to be taken to save the Earth.
- **Plantation Drive:** The young Environment club members, along with their in-charge, planted saplings on the school premises, fostering a greener and more sustainable environment.
- **"My Earth Pledge"** - Students of Class I-V enthusiastically participated by drawing a leaf on an A4 sheet and writing a few lines about the green practices they pledge to follow in their daily lives. The activity aimed to create awareness about environmental conservation and encourage students to take small yet meaningful steps towards protecting the Earth. The creative expressions of students reflected their understanding and commitment to sustainable living.

GREEN WARRIORS PERFORMING SKIT

Class 1 Student's Green leaf Pledge

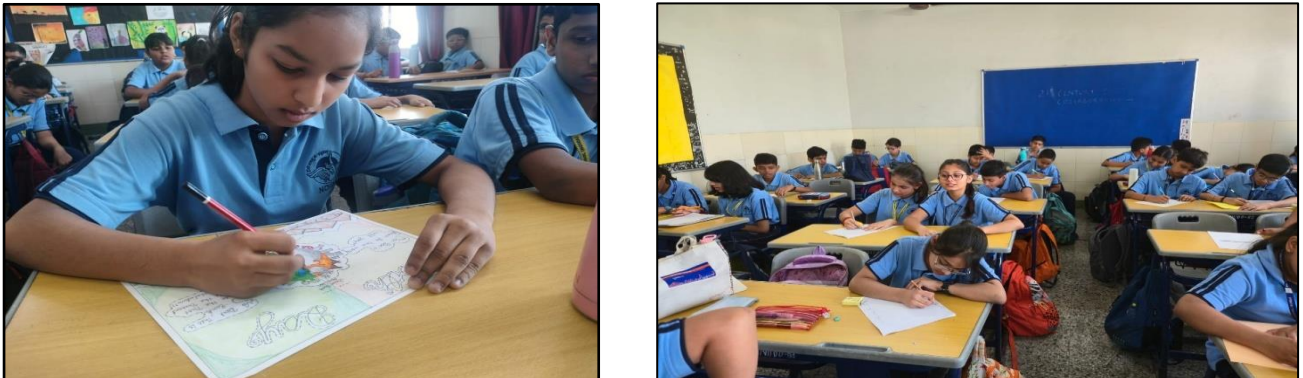

'Paryavaran Sanrakshak' - Classes 3rd, 4th & 5th participating in their green activity for sustainability

- **Up-Cycling Waste-** Class VI students participated enthusiastically in the "Upcycling Waste" activity, showcasing their creativity and innovation. Using waste materials, they crafted a variety of useful and imaginative items, turning discarded objects into treasures. The activity not only highlighted their artistic skills but also promoted the importance of recycling and environmental consciousness.

Upcycling of Waste- Class VI Green ambassadors creating useful products from waste

- **Poster Making Competitions:** The creative minds of Class VII showcased their artistic talents by designing vibrant posters and crafting impactful slogans, all advocating for eco-friendly practices. Their work reflected a deep commitment to environmental conservation and a passion for inspiring positive change.

Poster Making Competition – Class VII students in action of creating posters with green messages

- **Green Warrior -Story writing competition-** Class VIII students participated in "Green Warrior," a story writing competition that inspired imaginative narratives centered around eco-friendly themes.

EARTH DAY INFORMATION BOARD- PRESENTATION BY CLASS XA STUDENTS

- **Display Board Activity**- A standout among these activities was the display board initiative, which focused on Earth Day and Sustainable Development Goal (SDG) 13. It encouraged students to research environmental issues deeply and thoughtfully design impactful presentations. The initiative not only fostered creativity but also enriched the knowledge of both students and staff through engaging displays and informative reading.

Screening Documentary- In order to bring awareness documentaries addressing recent climate issues were screened in classes to educate children about climate change. The Earth Day celebration was a resounding success, inspiring students to take responsibility for the environment. The activities helped inculcate a sense of environmental stewardship and motivated students to adopt sustainable practices in their daily lives.

PLANTATION DRIVE- AN ACT TOWARDS GREENER PLANET

LETS KEEP DOING OUR BIT
