

INTERNATIONAL EARTH DAY : 22nd APRIL, 2025

"Save Earth today for tomorrow"

Every year on April 22, Earth Day marks the anniversary of the birth of the modern environmental movement in 1970. The theme for Earth Day 2025 is 'OUR POWER, OUR PLANET'. Ecosystems support all life on Earth. The healthier our ecosystems are, the healthier the planet - and its people. Restoring our damaged ecosystems will help to end poverty, combat climate change. Mother Earth is clearly urging a call to action. Nature is suffering. Oceans filling with plastic and turning more acidic. Extreme heat, wildfires and floods have affected millions of people. We will only succeed if everyone plays a part. Protecting the planet is everyone's responsibility. Let's come together, embracing the theme of International Earth Day and work towards creating a world a better place to live in.

Lets get involved, connect with nature, and empower our community to restore our planet! Through involvement in various activities

S.NO	CLASS	ACTIVITY	ACTIVITY DESCRIPTION	INCHARGE
1	I - V	<u>"MY EARTH PLEDGE" LEAF</u>  <u>CRAFT</u>	Students will draw a leaf on A4 size paper and write few lines of green practices.	Respective Class Teachers & Class Rep
